[Announcer]: In one of Jefferson's biggest political scandals,

federal prosecutors indicted corrupt judges, deputies of bail bondsmen

and his sister. In pleading guilty in federal court, Lori Marcotte

stated that her campaign contributions to judges were intended to be bribes.

Greg Guidry took a contribution and took money from Senator Derek Shepherd,

who recently plead guilty to more federal charges. There are question marks all around

Greg Guidry. A Supreme Court judge must be beyond reproach. Greg Guidry fails the test.
